

Better Packages, Inc. Testimonial

Swisher Mower & Machine, Inc.

Manufacturer of Lawn & Garden Equipment

Engineered to be simple and safe, Better Pack 555e dispensers offer the most options and highest level of automation available from all Better Pack dispensers.

Testimonial provided by:
Mark Kuhaneck,
Maintenance Manager

“We have purchased several Better Pack 555eS units and they have helped increase our parts room shipping capacity greatly. They were using handheld tape guns and since we have upgraded to the 555eS dispensers, package output has increased and the security of the packages is outstanding. No more worries about boxes coming open or the tape coming loose. These units are very reliable and we have virtually no downtime due to failure of needed repairs.”

Increased productivity is just one benefit Swisher Mower and Machine realized after switching from plastic tape and handheld dispensers to water-activated tape and the Better Pack 555eS. More secure cartons and reliable, consistent performance are others.
