

# Better Packages Electronic Water-Activated Tape Dispenser

Better Pack® **755e** Series

## Better Pack® **755eS**

### Flexibility and Reliability in a Rugged Dispenser

The Better Pack 755eS is a rugged workhorse that excels in demanding environments, especially when sealing random sized cartons in fast-paced, medium to high volume packaging operations. It quickly accommodates to packing different box sizes and safely handles your heaviest, bulkiest and freight-bound packages. The 755eS handles both reinforced and non-reinforced tape from 1" to 4" wide.

#### Effortless Operation

- Smooth-touch, easy to use, color-coded key pad with 20 preset tape lengths—plus a random key which allows for continuous, uninterrupted tape dispensing
- Dispenses from 6" to 75" of tape with touch of a button

#### Safe, Dependable and Convenient

- Meets or exceeds UL, CE and CSA standards for operator and electrical safety
- Steel frame construction and few moving parts means minimal maintenance
- Low voltage adjustable water heater warms the water, optimizing tape bonding
- Exposed large 64 ounce water bottle provides water level visibility and easy refill
- Side-opening top cover for improved tape access

#### Better Pack 755eS Specifications

Dimensions:	21" L x 10-1/2" W x 9-1/2" H
Shipping weight:	42 lbs.
Tape roll capacity:	1" to 4" Wide Up to 7-1/2" Diameter Up to 600' Length Roll
Dispensing speed:	32" per second
Dispensing length:	6" to 75"
Blades:	Hardened steel guillotine shear blades
Water brushes:	2
Water bottle capacity:	64 ounces (2 quarts)
Electrical requirements:	115 VAC, 60 Hz, 4 Amps
Safety compliance:	Meets or exceeds UL, CE and CSA standards for operator and electrical safety
Warranty:	2 years parts and materials, 6 months labor

Side-opening top cover for easy tape access

# Better Packages Electronic Water-Activated Tape Dispenser

Better Pack® **755e** Series

## Better Pack® **755eSA**

### High Volume Efficiency and Reliability in a Flexible Dispenser

The Better Pack 755eSA is ideal for high volume carton sealing applications that include heavy, bulky packages. Three dispensing modes offer the packer complete flexibility to choose the mode that best suits each sealing situation. As an added benefit, the Better Pack 755eSA handles reinforced and non-reinforced tape from 1" to 4" wide.

#### Easy to Use

- Choose from three dispensing modes: manual, auto-repeat or 1-2-2 (H-pattern)
- User adjustable tape length allows for dispensing up to 100 inches of tape
- Customize dispensing speed by setting 1-30 second delay in auto-repeat mode

#### Safe, Dependable and Convenient

- Meets or exceeds UL, CE and CSA standards for operator and electrical safety
- Steel frame construction and few moving parts means minimal maintenance
- Low voltage adjustable water heater warms the water, optimizing tape bonding
- Exposed large 64 ounce water bottle provides water level visibility and easy refill
- Side-opening top cover for improved tape access
