

**Your Better Pack Tape Dispenser Needs Parts...
Are All Parts the Same?
Your Needs...Our Solutions**

PROBLEM: Your Better Packages' tape dispenser needs parts. Does it matter where you purchase replacement parts?

Yes it does. Several companies have websites selling Better Pack parts. **However, you must be wary.** Some companies offering Better Packages parts are actually providing inferior "knock-off" parts.

SOLUTION: Purchase only Genuine Better Packages' Parts from an Authorized Source.

You buy Better Packages dispensers for their quality, and quality is indeed "the sum of the parts". If you use fake, inferior parts, there are lots of potential problems. You risk creating a safety hazard and diminishing your equipment performance. You'll void existing equipment warranties and any UL, CE and CSA certifications. Finally, you don't want to be "penny-wise and pound-foolish" by saving money upfront and losing on the back-end. Call Better Packages Customer Service to make sure you are buying parts from an authorized source.

Why Better Packages?

To use WAT, you need a water-activated tape dispenser. To maximize productivity and cost-effectiveness, you need to choose the right dispenser and manufacturer. Better Packages dispensers are quite simply, the best dispensers on the market.

Better Packages Dispensers Are...

Simple to Operate	Our elegant design makes them easy to use from the moment they come out of the carton. Employees can get right to work.
Safe	All Better Pack electric tape dispensers are built to meet or exceed UL, CE and CSA regulatory requirements for electronic and operator safety. No other dispenser manufacturer can make this claim.
