UNPACKING

When unpacking your new Better Packages TapeShooter® 404 Dispenser, check to make sure you have the following items before discarding the carton and packing material.

- Operating Manual
- Water tank
- One Brush
- Two Tape Guides
- Tape Plate

PREPARING THE MACHINE FOR OPERATION

Once the unit has been removed from the carton and all items are accounted for, you may begin using your TS404 Dispenser.

1. Raise Cover and adjust tape guides to your desired tape width.

Adjustable Guides

2. Place roll of tape between guides with tape lead facing the front of the dispenser.

Tape Lead

Tape Guides

3. Remove the water tank by lifting it upwards. Lift and remove the brush. Rinse the brush with warm soapy water for best results. This helps insure proper performance. Replace brush in the tank and fill water tank reservoir with warm water. Replace lid and return to position in dispenser.

Remove Tank

Brush

Lid

4. Feed stop screw can be loosened to the measuring dial to necessary length. Upon proper adjustment, tighten feed stop screw.

Adjustable Feed
Stop Screw

5. Once tape is properly loaded and the brush and water tank are in place, you are ready to dispense the tape. With the adjustable feed stop set at your desired length, simply pull the handle downward and the tape will be dispensed and cut.

Pull handle forward to
dispense and cut tape

MAINTENANCE

Simple care is required to guarantee quality sealing with your model TS404 Dispenser.

1. Keep brush and water tank clean. Rinse brush and tank in warm soapy water frequently.
2. Clean knife blade if it becomes coated with adhesive or dirt.
3. For a good appearance and operation, the outside of the dispenser should be cleaned from time to time using only a mild solution of soap and water. **Never use detergents or abrasives of any kind.** Wipe with a clean cloth.

Better Packages, Inc. Warranty Information

The manufacturer warrants each new Better Packages machine and accessory to be free from defects in material and workmanship under normal and proper use. Its obligation under this warranty being limited to replacing or repairing any defective parts within the time period indicated for the specific model after delivery (at the company's discretion) to the customer. Wearable parts such as shear blades, water bottles and caps, water brushes and motor brushes are not covered under the warranty. Machines used for any reason not intended by the manufacturer will not be considered for warranty protection.

The company will replace or repair (at the company's discretion) any defective parts within the warranty period, on a no-charge basis. The Authorized Distributor/Service Center will furnish, without charge, within the time period indicated for the specific model, necessary labor to service the machine.

If customer wishes, they may forward any machine listed below with authorization from Better Packages or an Authorized Distributor/Service Center for warranty service. Any item shipped for warranty service must be shipped in the original factory carton and properly packed with the original protective packaging inserts or a secure carton that will properly protect the unit during transit. Units received improperly packed are subject to costs associated with damage caused during transit. These costs will be the responsibility of the customer. All associated shipping or freight costs related to items shipped for service are the sole responsibility of the customer.

For service under this warranty, call or write your nearest Better Packages Distributor/Service Center or Better Packages, Inc. Ansonia, CT at 800-237-9151 (US only) or (203) 926-3700. To locate your local Authorized Distributor/Service Center, visit www.betterpackages.com. Transportation charges on machines or parts returned to Better Packages for service must be prepaid by the customer. Customers will be responsible for freight expenses on parts or machines returned to them.

Better Packages' ship-to address is: 4 Hershey Drive
Ansonia, Connecticut 06401
